POLO GROUNDS, NEW YORK, Aug. 24.-Another chance was offered the Colonels from Louisville this afternoon on a foraging tour for players for next to win at least one game from the season. The batting order is: They have failed so far to do so and there are precious few chances

To-morrow the Louisvilles will wind up the current series in this city, and it will be their final bow on the Polo Grounds this season. The attendance was small this afternoon and the frenzled experts who are quibbling in such an infantile fashion over the exact number of spectators had a capital thin alike, so few were there present.

Her Time Almost Certain to Be Beaten by Nearly Twenty Minutes.

The American line steamship people don't propose to let the Cunarders have it all their own way in the matter of ocean-record breaking, as the present trip of the stanch American-liner New York will demonstrate.

The Cunarder Campania lopped nearly three hours off the westward record on the trip completed last Friday night, her time being five days nine hours and twenty-nine minutes. But that was over the short course

between Queenstown and New York, and the time made by the New York on this trip, which will approximate (days, 9 hours and 20 minutes, over

twin screws, which work independently of each other.

The New York is fitted up in the most elaborate manner, and the safety of cot: passengers is provided for by a system of water-tight compartments, which

makes her practically non-sinkable.
